**Beat the Heat at City Cooling Centers**  
*Centers Are Now Open Until September 30*

With temperatures rising, the City of San Fernando has set up the following cooling centers to provide residents – and especially the elderly – with relief from summer heat.

**César E. Chávez Park**  
Community Center  
208 Park Ave.

**Las Palmas Park**  
Community Center  
505 S. Huntington St.

Cooling centers offer an air-conditioned space where residents can read, watch TV or just relax. Centers are already open and will remain so until September 30. Hours of operation are 9 a.m. to 9 p.m. on weekdays, and noon to 5 p.m. on weekends. Hours are subject to change; call (818) 898-1290 for updated information.

Mission City Transit will provide low-cost transportation to and from the centers. Cost per trip is 50 cents for seniors and the elderly, and 75 cents for the general public. Call for reservations: (818) 366-4119.

The City is encouraging residents to check the well-being of neighbors and family members who are particularly susceptible to heat. Residents should also take precautions to stay healthy during the summer months by drinking plenty of water, limiting their activities to cooler times of the day, wearing lightweight and comfortable clothing, and avoiding prolonged exposure to the sun.
