AMPLIFIED SOUND PERMIT (*San Fernando City Code 34-66*)

No person, without first obtaining an Amplified Sound Permit shall use or operate any sound amplifying equipment so as to produce or reproduce sound in such a manner that the sound is plainly audible at a distance of more than 25 feet from the room, stadium, structure or public place in which such sound amplifying equipment is located or use such sound amplifying equipment outside of any structure or public place so as to produce or reproduce sound in such a manner that the sound is plainly audible at a distance of more than 25 feet from the building, structure or vehicle on which such sound amplifying equipment is located. In granting such a permit, the director shall consider the potential of such amplified sound to result in a violation of other sections of the city code and shall establish amplifier settings and other limitations on use of such amplified sound as conditions of approval. Such approval shall not consider the information content of the amplified sound, but only its noise level and resulting potential to violate other sections of this article.

The term "sound amplifying equipment," shall mean any machine or device for the amplification of the human voice, music or any other sound.

PROCEDURES FOR OBTAINING AN AMPLIFIED SOUND PERMIT:

1. Read Conditions for an Amplified Sound Permit.
2. Complete the Amplified Sound Permit application and submit the application to the Community Development Department at least fifteen (15) calendar days prior to the event.
3. Submit the application fee of \$120.00. Make check payable to: City of San Fernando.

CONDITIONS FOR AN AMPLIFIED SOUND PERMIT:

All permits issued for the use of sound amplifying equipment shall be issued subject to the following conditions:

1. Such sound amplifying equipment shall not be used between the hours of 12:00 a.m. and 7:00 a.m.
2. Amplified sound shall not interfere with or disturb the occupants of any hospital, sanitarium, school, church, courtroom, place of residence or public assemblage.
3. Amplified sound equipment shall be used only in accordance with and in compliance with the statements set forth in the application for the permit.
4. Other conditions as may be determine and impose in the permit for compliance with the provisions of the city code.
5. Shall not impede pedestrian access on any existing walk-way providing access to the business or neighboring businesses.
