

HELP PLAN DOWNTOWN'S FUTURE!

PLEASE JOIN US AT THE SECOND COMMUNITY WORKSHOP TO PLAN AND ENVISION FUTURE TRANSIT-ORIENTED ZONING NEAR THE SYLMAR/SAN FERNANDO METROLINK STATION

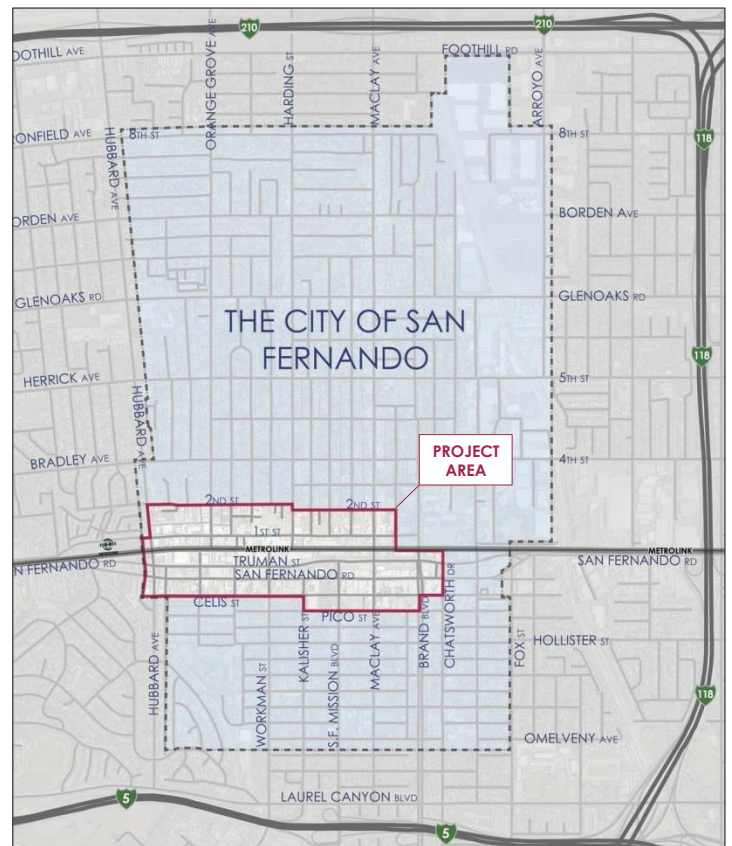

With a grant from the Los Angeles County Metropolitan Transportation Authority (Metro), the City of San Fernando is updating the *San Fernando Corridors Specific Plan* to:

- Enable the creation of a walkable, mixed-use, multi-modal environment that accommodates commercial and residential land uses within walking distance of both the Sylmar/San Fernando Metrolink Station and Downtown San Fernando.
- Accommodate the new transit initiatives proposed by the East San Fernando Valley Transit Corridor Project.

We will present some initial ideas for the future of the Project Area and invite you to share your ideas and provide feedback on:
