Discussion will include:

How can we keep cannabis out of the hands of our youth?

Will cannabis business bring crime to our community?

How much revenue can the City expect to generate from cannabis taxes and fees?

What could these revenues be used for?

What are public health and environmental impacts?

In 2016, California voters passed Prop 64 legalizing the non-medical use of cannabis, with certain restrictions, and provides for industry licensing and establishing standards for marijuana projects. Prop 64 also allows for state and local regulation and taxation of marijuana businesses.
