Protocol for Social Distancing: Appendix A

	6/29/20: In the event that 3 or more cases are identified within the workplace within a span of 14 days the employer should report this cluster to the Department of Public Health								
Bus	Business name:								
Facility Address:									
	proximate gross square footage pace open to the public:								
	Businesses must implement all applicable measures listed below and be prepared to explain why any measure that is not implemented is inapplicable to the business.								
A.	SIGNAGE								
	Signage at each public entrance of the facility to inform all employees and customers that they should: avoid entering the facility if they have a cough or fever; maintain a minimum six-foot distance from one another.								
	Signage posting a copy of the Social Distancing Protocol at each public entrance to the facility.								
B.	. MEASURES TO PROTECT EMPLOYEE HEALTH (CHECK ALL THAT APPLY TO THE FACILITY)								
	Everyone who can carry out their work duties from home has been directed to do so.								
	All employees have been told not to come to work if sick.								
	Upon being informed that one or more employees test positive for, or has symptoms consistent with COVID-19 (case), the employer has a plan or protocol in place to have the case(s) isolate themselves at home and require the immediate self-quarantine of all employees that had a workplace exposure to the case(s). The employer's plan should consider a protocol for all quarantined employees to have access to or be tested for COVID-19 in order to determine whether there have been additional workplace exposures, which may require additional COVID-19 control measures.								
	Symptom checks are conducted before employees may enter the workspace. Checks must include a check-in concerning cough, shortness of breath or fever and any other symptoms the employee may be experiencing. These checks can be done remotely or in person upon the employees' arrival. A temperature check should be done at the worksite if feasible.								
	In the event that 3 or more cases are identified within the workplace within a span of 14 days the employer should report this cluster to the Department of Public Health at (888) 397-3993 or (213) 240-7821. If a cluster is identified at a worksite, the Department of Public Health will initiate a cluster response which includes providing infection control guidance and recommendations, technical support and site-specific control measures. A public health case manager will be assigned to the cluster investigation to help guide the facility response.								
	All employees that have contact during their shift(s) with the public or other employees are offered, at no-cost, a cloth face covering to be used at work when interacting with them.								
	All desks or individual workstations are separated by at least six feet.								

	Break rooms, restrooms, and other common areas are being disinfected frequently, on the following schedule:					
	☐ Break rooms:					
	☐ Restrooms:					
	Other:					
	Disinfectant and related supplies are available to all employees at the following location(s):					
	Hand sanitizer effective against COVID-19 is available to all employees at the following location(s):					
	Soap and water are available to all employees at the following location(s):					
$\overline{}$	Employees are allowed frequent breaks to wash their hands.

Explain: Optional-Describe other measures: MEASURES TO KEEP PEOPLE AT LEAST SIX FEET APART (CHECK ALL THAT APPLY TO THE FACILITY) Placing signs outside the store reminding people to be at least six feet apart, including when in line. Placing tape or other markings at least six feet apart in customer line areas inside the store and on					

	Optional—Institute one-way aisles to facilitate Social Distancing.				
	Optional—Describe other measures:				
E.	MEASURES TO PREVENT UNNECESSARY CONTACT (CHECK ALL THAT APPLY TO THE FACILITY)				
$\overline{\Box}$	Preventing people from self-serving any items that are food-related.				
_					
	All items are pre-packaged in sealed containers by staff.				
	☐ Bulk-item food bins are not available for customer self-service use.				
	☐ Food samples are prohibited.				
	Providing for contactless payment systems or, if not feasible, sanitizing payment systems regularly.				
	Describe:				
	Optional-Describe other measures (e.g. providing senior-only hours):				
F.	MEASURES TO INCREASE SANITIZATION (CHECK ALL THAT APPLY TO THE FACILITY)				
	Restrooms normally open to the public shall remain open to the public.				
	Disinfecting wipes that are effective against COVID-19 are available near shopping carts and shopping baskets.				
	Employee(s) assigned to disinfect carts and baskets frequently, preferably after each use.				
	Hand sanitizer, soap and water, or effective disinfectant is available to the public at or near the entrance of				
	the facility, at checkout counters, and anywhere else inside the store or immediately outside where people				
	have direct interactions.				
	Disinfecting all payment portals, pens, and styluses after each use.				
	Disinfecting all high-contact surfaces frequently.				
	Optional- Describe other measures:				

Any additional measures not included above should be listed on separate pages, which the business should attach to this document.
